DNSSEC + HSM

DNS Failover

REST API

25+ Record Types

Common Criteria EAL2

OUR PRODUCTS

Two products. One mission.

DNSVault Cloud

Managed DNS Platform

Multi-tenant DNS management with DNSSEC + HSM, automated failover, REST API, real-time monitoring, and multi-channel alerts (WhatsApp, Telegram, SMS, email).

DNS Failover — Health checks + auto swap

REST API — Project-scoped tokens + webhooks

Domain Registry — Cross-tenant NS delegation

Server Monitor — Agent-based live dashboard

Zone Templates — Reusable record sets

Backups — Daily auto + on-demand snapshots

DNSVault Neo

DNS Appliance

Enterprise DNS appliance with hybrid deployment. On-premises hardware, cloud-managed, or both. Common Criteria EAL2 certified with built-in DNS firewall.

Local

On-Premises

Remote

Cloud-Managed

Hybrid

Both

RPZdb — DNS blacklist + malware blocking

Load Balancer — Geo-routing + failover

Analytics — Query dashboards + reporting

Threat Intel — DGA detection + C2 blocking

KEY FEATURES

Everything you need.

DNSSEC + HSM

One-click zone signing. Auto key rollover. Hardware Security Module for private keys.

DNS Failover

Health checks with automatic failover. HTTP, HTTPS, TCP, ICMP protocols.

REST API

Full CRUD. Project-scoped tokens. HMAC-signed webhooks. Playground.

Multi-Tenant

Organizations, projects, roles. 6-tier hierarchy. Approval workflows.

Monitoring

Agent-based server health. Live WebSocket dashboard. Auto alerts.

Approval Workflows

Change management with manager approval. Three modes available.

URL Forwarding

301/302 redirects. Iframe masking. Path-preserving. Analytics.

Project-Based Access

Group zones into projects. Manager, Operator, Viewer roles.

Backups

Daily auto-backups. On-demand snapshots. One-click restore. Diffs.

SECURITY & COMPLIANCE

Enterprise-grade security.

Common Criteria EAL2

ISO/IEC 15408 certified security evaluation

DNSSEC + HSM

Hardware Security Module for private keys

RPZ DNS Firewall

Real-time malware and threat blocking

Full Audit Trail

Immutable log of every action. CSV/PDF export.

RECOGNITION

Award-winning technology.

Cyber Security Company of the Year
2017

Cyber Security Innovation of the Year
Product Category

Excellence in Cyber Security
MEBA Award

RECORD TYPES

25+ DNS record types supported.
